

BUSHEY GIVEN OATH AS NEW COMMISSIONER

J. Blaine Bushey, retired Arendtsville teacher and farmer, was sworn in as an Adams County Commissioner Saturday morning immediately after his appointment, with Judge W. C. Sheely administering the oath.

The petition presented to the court asking that Bushey be appointed to fill the vacancy caused by the death of Clark L. Fetters, was signed by both of the other two commissioners, Republican Karl Smith and Democrat G. Ed. Taughnbaugh, along with a great number of other residents of the county.

Mr. Bushey will begin his duties Friday when the commissioners plan to gather to complete arrangements for the scheduled daily sessions during the remainder of the month during which they will hear appeals from the new assessments. There will be no regular meeting of the commissioners at the regular time Wednesday, with the board members attending the state commissioners' convention at Philadelphia this week.

Most court house officials were present for the official "swearing in" of the new commissioner Saturday morning.

Other court business Saturday included the appointment of Attorney S. M. Raffensperger as master in the divorce action of Grace S. Bomberger, Mt. Holly Springs, versus J. Morgan Bomberger, York Springs. Indignities and cruel and barbarous treatment are charged.

Attorney John A. MacPhail was named as master in the divorce action of Martha Elmira (Cecce) Harbaugh, Orrtanna R. D., versus George Albert Harbaugh, Washington, D. C. Desertion is charged.

U.S. Will Form Atomic Pool Without Reds

By MARVIN L. ARROWSMITH
DENVER (AP)—President Eisenhower disclosed dramatically today that the United States has "just agreed with a number of other nations to go ahead now" on formation—without Russia—of an international atomic energy pool for peaceful purposes.

The President made the announcement in a brief nationwide radio-television address prepared for delivery from here in connection with ground-breaking ceremonies for the nation's first atomic power plant for peaceful use at Shippingport, Pa.

Eisenhower did not name the nations joining the United States in creation of the international pool, a proposal he first made in a United Nations speech last Dec. 8. But a presidential aide at the summer White House told newsmen that "among the nations" participating in the arrangement, already made to go ahead immediately, are Great Britain, Canada, Australia, South Africa and France.

Others To Join

The aide, who asked not to be named, added that other nations will be joining in the program. He did not name them.

Eisenhower's Dec. 8 proposal was keyed to Soviet Union participation in the international atomic pool he advocated as a first step toward halting an atomic arms race.

NEW ASSESSOR

Mrs. Nettie Deatrick Saturday was sworn in as assessor in Tyrone Township to fill the unexpired term of the late Wilmer Slaybaugh. The oath was administered in the office of the Adams County commissioners.

Two Russian Jet Fighters Down U.S. Navy Plane Off Siberian Coast; Rescue 9; One Is Missing

By DONALD SANDERS
WASHINGTON (AP)—Two Russian jet fighters shot down an American Navy plane off Siberia Saturday in what this government termed a "wanton and unprovoked attack" which apparently cost the life of one Navy ensign.

In a rapid-fire exchange of notes last night, a few hours after the incident was announced here, Russia said the American plane opened fire first and Washington rejected that claim as "completely without foundation."

"The U. S. Navy aircraft was on a peaceful patrol mission over the high seas some 40 miles from the Siberian Coast when it was attacked without warning and destroyed by two Soviet aircraft," a State Department protest to the Soviets said. "At no time did the U. S. Navy aircraft open fire on the Soviet aircraft."

Attacked By MIGs

However, in a first hand account of the clash, one of nine surviving crewmen, Ordnanceman Ernest L. Pinkovich of Alameda, Calif., said he managed to bring into action the patrol plane's 50 caliber machine gun.

Talking to newsmen in Japan, Pinkovich said: "I fired about 150 rounds. It was mostly in hope of scaring them off because it was bad position for aiming. But they didn't scare."

In Tokyo, the Navy said the attacking planes were MIG15 fighters firing 20 mm. cannon.

One Airman Lost

Nine of the patrol bomber's 10 crewmen were rescued after a night in the waters of the Sea of Japan. The remaining one, Ensign Roger Henry Reid of Alameda, Calif., was feared lost. The Navy in Tokyo said there was nothing to indicate he had been shot. It was presumed he was trapped in the navigator's compartment when the plane was ditched.

Funeral Services Sunday For Perry

Members of the Charles M. Nitterhouse Post No. 1599, Veterans of Foreign Wars, took part in the graveside rites Sunday afternoon at the Mt. Pleasant Cemetery for Glen C. Perry, 30, of Fayetteville R. 1, who died of asphyxiation caused by ammonia fumes Friday morning at the Knouse Foods Cooperative plant at Peach Glen.

Funeral services were held at the Sellers Funeral Home, Chambersburg, at 2:30 o'clock, conducted by the Rev. Alfred Jones. Interment was at Scotland.

LOWER ADAMS JOINTURE TO OPEN SEPT. 13

School bells will ring Tuesday for approximately 7,000 youngsters in the county, but for another 3,000 the day will be just another holiday.

The approximately 800 students in the Lower Adams Joint School system today were announced as among the minority of school children who will have a "reprieve" until next Monday.

Charles C. Taylor, supervising principal of the jointure, said today the opening of the Lower Adams schools has been postponed until September 13. Lower Adams district includes New Oxford and Berwick, Hamilton, Mt. Pleasant and Oxford Twp.

Furniture Hasn't Arrived

Failure of furnishings to arrive for the new elementary school at New Oxford was listed as reason for the postponement. Because a majority of the school children in the joint district are transported to school, it was decided to postpone the opening of all the schools until next week.

And that decision means that New Oxford in general will be starting later than most other communities of the county. New Oxford parochial had previously announced it would not open until September 13 because of delays in completion of its additional school structure.

The approximately 2,000 students in the Gettysburg joint school system also receive an extra holiday. They too have had the opening of school postponed until September 13 because of the problem of getting new construction at Gettysburg High School completed on time for the beginning of the school year.

Gettysburg parochial students however will begin their studies Tuesday as scheduled following an 8 o'clock mass at St. Francis Xavier Catholic Church here Tuesday morning.

BRITONS LIKE ADAMS COUNTY HOSPITALITY

A heart-warming tribute to the U.S.A. was paid today by Mr. and Mrs. E. C. Courtney, of Waterloo, Liverpool, England, who will sail for home Thursday on the Cunard liner Britannic after spending the summer with Mr. and Mrs. Alfred S. Bagley, Aspers R. 1, brother and sister-in-law of Mrs. Courtney.

The enthusiastic Britons wrote the following letter to The Gettysburg Times: "We now say farewell with sad hearts and happy memories and wish to thank all the kind friends whom we have met during our stay in your wonderful country. We thank you for all the lavish hospitality which has been poured upon us and, before we depart, we would like to say what a joy and privilege it has been to spend the greater part of our holiday with you in your lovely state of Pennsylvania.

"We have enjoyed the scenery and the rolling countryside which has reminded us of our own lovely Scotland where, no doubt, many of your ancestors came from. The folks of this section are so similar in disposition to the Scotch, so sincere and warm-hearted.

Ciudad Acuna, Mex. (U)—Patricia McCormick, a Texas girl who quit college to fight bulls, was impaled on the horns of a charging 1,350-pound black bull yesterday when she turned her back on him to accept cheers for her bravery.

The plucky, 24-year-old blonde lay in serious condition today in a hospital at Del Rio, Tex., across the Rio Grande from here. She had a deep puncture in the groin and had received surgery and three blood transfusions. Doctors said only that she was "holding her own."

Pat was gored fighting the second bull of the afternoon here. She killed the first with such skill she was awarded its ears and tail. Her manager, Joe Blair, called the first fight the best of her 3-year career.

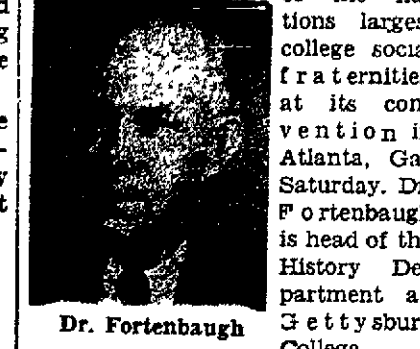

She was saved by the retired matador who taught her bullfighting. Alejandro Del Hierro. While the crowd of some 3,000 screamed, he jumped into the ring without the aid of a cape and pulled her out of the horns. A "novillero"—understudy bullfighter—named Manolo Marquez also rushed in and drew the bull's attention with a cape. Marquez killed the bull.

The Big Spring girl has been gored twice before. She killed both bulls that did it.

Her courage has won her acclaim from aficionados up and down the Rio Grande since she killed her first bull at Juarez, Mex. Sept. 9, 1951. Later, she quit Texas Western College at El Paso, where she was an art major, to devote her time to bullfighting.

185 FRESHMEN TO ENTER MOUNT ON THURSDAY

One-hundred eighty-five freshmen will arrive at Mount St. Mary's College, Emmitsburg, on Thursday to begin orientation prior to the opening of the 147th academic year of the College. Thursday's activities will be confined to room assignment, and a tour of the campus under direction of student council officers and class presidents.

On Friday the freshmen will begin a testing program which will conclude on Monday, have a briefing from the dean of men, the Rev. William McGonigle, and attend a social with the St. Joseph College freshmen on St. Joseph's campus.

To Hold Open House

Testing will continue on Saturday and students will meet with the dean of studies, Rev. Dr. Francis P. Kearney, the director of Public Relations, Dr. John J. Dillon Jr., and the Director of Guidance, the Rev. Joseph B. Tremonti, Ed.D. In the evening the new Mountaineers will meet with Richard Barnes, president of the student council, and representatives of other student organizations. An open house for Mt. St. Mary's and St. Joseph's College freshmen will follow on the Mount campus.

Sunday will be free with a movie scheduled at St. Joseph's College in the evening. The testing program will be completed on Monday at which time upperclassmen will register.

Classes will begin Tuesday, September 14, following a solemn high mass in the college chapel.

COUPLE IS WED ON SATURDAY

Miss Joan Fay Sanders, Gettysburg, daughter of Mrs. Dora R. Sanders, Fairfield R. 2, became the bride of Gene Moreland Leeper, son of Mr. and Mrs. Charles E. Leeper, Fayetteville, on the parsonage of St. James Lutheran Church at 2 o'clock Saturday afternoon. The pastor, Dr. Ralph R. Gresh, officiated at the double-ring ceremony.

Miss Billie Mae Shealer, Gettysburg, a cousin of the bride, was the maid of honor, and Thomas Norman Bohn, Fayetteville, served as best man.

The bride wore a charcoal grey suit, grey lizard accessories and an orchid corsage. Miss Shealer wore a navy blue suit with matching accessories and a corsage of red roses.

A reception was held at the home of the groom Saturday evening. Afterwards the couple left on a honeymoon of unannounced destination. They will make their home on Carlisle St. Mrs. Leeper is an account-clerk for a Harrisburg firm.

ADAMS FIREMEN IN SESSION AT M'SHERRYSTOWN

Several hundred delegates from fire companies from all sections of the county gathered this morning at 10 o'clock at McSherrystown for the annual Labor Day convention of the County Firemen's Association.

Morning and afternoon business sessions are to be followed by the annual convention parade beginning at 4:30 p.m.

Meeting in the McSherrystown parochial school, the convention came to order shortly after 10 a.m. with the singing of "America." The acting chaplain of the county association, Msgr. Patrick F. McGee, of the Church of the Annunciation of the Blessed Virgin Mary of McSherrystown, gave the invocation.

Plan Memorial Service

Burgess Joseph Staub of McSherrystown extended a formal welcome. After the roll call, the delegates got down to business.

In addition to the nomination of officers in preparation for the annual election this afternoon, the firemen were scheduled to act favorably on a constitutional revision to permit the annual memorial service to be held at the annual convention instead of on a special occasion in November as has been done for years in the past.

In anticipation of that favorable vote, the firemen have scheduled memorial services for this afternoon immediately after the afternoon session convenes at 1:15 p.m. John Murren, county fire marshal, will present his annual report.

Local Firemen There

The election of officers and selection of the place for the 1955 convention will be followed by addresses by the retiring president, R. Dale Guise, Biglerville, and the incoming president.

There will be an address, too, by Judge W. C. Sheely who last year was made an honorary chief of the Adams County firemen.

Amusements and entertainment are scheduled throughout the afternoon and evening at the park across from the fire hall, which is convention headquarters.

Gettysburg firemen will leave at 3 o'clock this afternoon from the engine house for the convention parade. The company's delegates left at 9:30 a.m. for McSherrystown.

SCHEDULE RALLY DAY SERVICES

Annual Rally Day service will be observed at Centenary Evangelical United Brethren Church, Biglerville, on Sunday, September 12. A Sunday School Rally will be held at 9:30 a.m. with an attendance goal of 300. Ray Shetter, Biglerville school teacher, will be the guest teacher of the adult classes.

The Church Rally will begin at 10:40 a.m. under the direction of the pastor, Rev. Laverne E. Rohrbaugh. The guest speaker will be Ross Witmer, businessman and Christian layman from Lancaster. The Christian Volunteer Quartet, Waynesboro, will offer special musical selections.

An Evangelical Rally will be held at 7:30 p.m. Herman Smith, York, will bring the message. Musical numbers will be brought by Mr. and Mrs. Smith. Gospel singers heard each Sunday over the radio's Hour of Evangelism.

Formosan Antiaircraft Guns Open Up On Unidentified Planes But No Bombs Drop; Island Is Blacked Out

By SPENCER MOOSA
TAIPEH, Formosa (U)—Unidentified planes were reported over this Chinese Nationalist capital early today and antiaircraft guns opened fire. No bombs were dropped.

The entire island of Formosa was blacked out for three hours, but air raid sirens remained silent.

The guns protecting this crowded city of 600,000 opened fire amid continuing but still unconfirmed reports of fresh artillery fire on the outpost island of Quemoy.

Nationalist planes early today dropped bombs on Communist Amoy and Tung opposite Quemoy. The Defense Ministry said, after reconnaissance planes located Red artillery used to bombard Quemoy.

All Nationalist planes returned safely, the ministry said.

Confere On Attacks

U. S. and Nationalist Chinese officers conferred here and President Eisenhower consulted with Defense Department officials in Washington concerning the Quemoy attacks which began Friday.

3 ACCIDENTS IN COUNTY; FEAR PEAK TONIGHT

A 37-year-old itinerant fruit worker escaped with only scratches when he fell from his car while rounding a curve Sunday morning near Idaville.

The accident was one of three reported to State Police in Adams County over the holiday weekend.

Police said so far the expected Labor Day "jam" of traffic has not developed in the county. One officer said "compared to some Sundays this summer, traffic has been 'light.' That however is only a comparison. There has been a lot of traffic over county highways so far this weekend but it has been spread out and kept moving."

Tourist Trade Booms

Tourist trade boomed in Gettysburg over the week-end although again there seemed more a steady flow of tourists rather than a "bunching" at any particular hour.

Local and state police however were more alert to tonight's traffic when thousands of motorists are expected to begin to return home "tired and with tempers short and in a hurry to get home," as one officer put it.

Frank Dan Scott, 37, Winter Garden, Fla., was the itinerant worker, employed at the John Pitzer orchards, who was thrown from his car on the curve just east of Idaville on the York Springs Rd. at 10 o'clock Sunday morning.

Door Flew Open

He told police that just as he was attempting to round the curve the door of his car flew open and in attempting to make the curve and close the door, he fell from the vehicle.

COUPLE WEDS THIS AFTERNOON IN EMMITSBURG

Miss Catherine Rotering, daughter of the late Cyril F. and Joanna Rotering, of Emmitsburg, will become the bride of Thomas McDonough, son of Mr. and Mrs. Thomas McDonough Sr., of Philadelphia, in a double-ring ceremony this afternoon at 3 o'clock at St. Joseph's Catholic Church, Emmitsburg. Rev. John F. Sullivan, C.M., will officiate.

The bride will wear a pale blue nylon ballerina dress with a full skirt, a fitted bodice with a scooped neckline, short sleeves, and matching mitts. She will wear a white nylon net veil, and a hat trimmed with lace and pearls. Her jewelry will include a strand of pearls, and she will carry a bouquet of white mums and miniature lilies, colonial style.

Maid Of Honor

The maid of honor will be Miss Anne Louise Rotering, of Emmitsburg, a sister of the bride. Her gown will be yellow, but otherwise identical to the bride's. Her accessories and bouquet will also be identical.

The best man will be Franklin Miller, of Frederick, Md. The bride will be given in marriage by her brother-in-law, Joseph Elliott.

The bride's step-mother, Mrs. Euphemia Rotering, will wear a blue street dress with black accessories, and carry fuchsia rosebuds. The groom's mother will also wear a blue

DULLES GIVES PLEDGE OF AID IN PHILIPPINES

MANILA (AP) — U.S. Secretary of State John Foster Dulles today pledged that American military forces "would automatically react" if the Philippines should be attacked.

"I wish to state in most emphatic terms that the United States will honor fully its commitments under the mutual defense treaty. If the

Philippines were attacked, the United States would act immediately," Dulles declared.

His statement marked the opening of U.S.-Philippines mutual defense talks preliminary to an eight-nation Southeast Asia Security conference which starts Monday.

Aims At Guarantee

The Philippines, which has been insisting on an "all for one and one for all" type of defense pact, was expected to modify its demands if guaranteed strong and prompt U.S. military assistance.

Dulles' statement appeared to be aimed at providing that guarantee. "We expect the Philippines to contribute to its own security to the extent of its capabilities," Dulles said. "The United States will take all practicable measures to maintain the security of the extent of its capabilities," Dulles said. "The United States will take all practicable measures to maintain the security of the Philippines against external attack."

The secretary said the United States would retain its military bases in the Philippines as "concrete evidence of the United States' ability and intention to take necessary countermeasures."

WATKINS SAYS HEARINGS MAY END IN WEEK

WASHINGTON (AP)—Sens. Watkins (R-Utah) and Case (R-SD) saw a chance today that hearings on censure charges against Sen. McCarthy (R-Wis.) will end next week. But they wouldn't say how long it might take to write a verdict.

Watkins is chairman and Case a member of a special bipartisan committee set up by the Senate to consider a resolution introduced by Sen. Flanders (R-Vt.) to condemn McCarthy's conduct as unbecoming a senator and as tending to bring the Senate into disrepute.

When the six-man group finishes its report, the Senate is slated to be called back into session to consider the findings.

Mass Of Evidence

In 2 1/2 days of public hearings this week, before recessing until next Tuesday, the committee put into its records a mass of documentary evidence bearing on five categories of charges against McCarthy.

These charges were among 46 specific accusations, some of them overlapping, filed by Flanders and Sens. Fulbright (D-Ark.) and Morse (Ind-Ore.) in support of the censure resolution.

Whether the committee will introduce additional evidence before McCarthy starts his defense has not been decided. Watkins said the group's staff still was going over all the charges and he has left the door open to take up any or all of them not yet covered in the hearings.

No Predictions

He told newsmen, in answer to a question, that the hearings could end next week but that he was not making any prediction.

Similarly, in a separate interview, Case said this was "a possibility and also a hope." He added, however, that no one could say definitely, partly because the nature of McCarthy's defense was not known.

Edward B. Williams, McCarthy's lawyer, has said that "we'll be ready to go on Tuesday" if the committee has advanced to the point then of accepting defense testimony.

A 'Fair Group'

Watkins declined to say how long the committee would need to prepare a report for the Senate and Case said, "I don't have any idea on that."

Watkins, at a news conference yesterday, described the committee as "as fair a group as you can find in the Senate."

"I don't find any prejudice in the committee against Sen. McCarthy," he said. Besides, he said, McCarthy himself hasn't challenged any member "so what's all the fuss about?"

Take Knife Blade From Man's Head

PHILADELPHIA (AP)—Part of a 3 1/2 inch knife blade has been removed from 44-year-old Harry Stone's head after being imbedded there—unknown to Stone—for 28 years.

Stone, a chemical worker, went to Einstein Medical Center last Friday complaining of a severe headache which had plagued him the past few years.

X-rays disclosed the knife blade. Stone, puzzled at first, finally recalled having been stabbed in a street fight 28 years ago. Doctors said the knife blade broke off and passed up the paranasal sinus—an air space behind the nose.

The rest of the knife will be removed in a later operation.

Estimates of the number of Americans who are bothered by hair fever vary from three to five millions.

Littlestown FIREMEN WILL MEET TUESDAY FOR REPORTS

The September meeting of the Alpha Fire Company will be held Tuesday evening at 8 o'clock in the engine house. The refreshment committee includes Earl Harrison, Clark Fuhrman and Herbert Frook. A report will be given by the carnival financial committee.

Prayer meeting will be held on Tuesday evening at 8 o'clock in the Southern Methodist Church, Crouse Park.

Martin Rider Hood, son of Edwin Paul and Winifred Rider Hood, Falls Church, Va., was baptized following the Sunday morning worship service in Redeemer's Reformed Church, by the pastor, the Rev. Frank E. Reynolds. The child was born June 30, 1954, in Arlington Hospital, Va. The parents were the baptismal sponsors.

The September meetings of the Ladies' Aid Society and the Council of Grace Lutheran Church, Two Taverns, will be held on Tuesday at 8 p.m. at the church.

The Littlestown Rotarians will enjoy an outing at Schott's Farm, near town, on Tuesday evening.

The schools of the Littlestown Jointure will open for the 1954-1955 term on Tuesday morning, at 8:30 a.m. All students of the junior and senior high school will report to the high school auditorium, of the Maple Ave. building, at 8:30 a.m. for their home room assignments.

Mr. and Mrs. Mark Hare and daughters, Pauline and Louise, Little, are spending the Labor Day weekend with his parents, Mr. and Mrs. Charles Hare, Lumber St., and his brother-in-law and sister, Mr. and Mrs. Felix P. Lawrence, Prince St.

Mr. and Mrs. Edwin P. Rood and children, Edwin Paul, Shirley Mae, Bruce Francis and Martin Rider, Falls Church, Va., are visiting during the holiday weekend with her mother, Mrs. Estella Rider and her brother-in-law and sister, Mr. and Mrs. Lloyd R. Baker, Park Ave.

Harvest Home On Sept. 19
The King's Daughters and Young Men's Bible Classes of Christ Reformed Church will hold a roast turkey supper Saturday evening in the church grove. Serving will begin at 6 o'clock. The public is invited to attend.

John N. Sell, LeRoy W. Arendtz, Ralph D. Snyder and Charles C. Carbaugh served as ushers at the Sunday morning worship service in Christ Church. A sermon was presented by the pastor, the Rev. G. Howard Koons. The bulletins were given by Mr. and Mrs. George M. Koonitz in honor their 13th wedding anniversary.

The Rev. Mr. Koons announced the following events: Sunday, Sept. 19, 10:30 a.m., annual Harvest Home service; Sept. 26, 10:30 a.m., preparatory service; Friday, October

"THERE'S A CHURCH"

There's a church around the corner . . . that I visit when I'm blue . . . where the doors are always open . . . and there is a vacant pew . . . when I enter in its portal . . . I leave all my cares behind . . . for this quiet sanctuary . . . gives me untold peace of mind . . . it's a haven for my heartaches . . . and a tonic for my soul . . . where I gain the faith I'm needing . . . to attain my chosen goal . . . hallowed by the prayers of decades . . . and sweet hymns to God on high . . . there is tenderness and comfort . . . that is sure to satisfy . . . seems as though I'm close to heaven . . . when I'm in the house of God . . . for I find the strength and purpose . . . to go forth again and plod . . . so it is when I am weary . . . I proceed to make my way . . . to the church around the corner . . . where I meditate and pray.

Nursery School Has Dinosaur Playmate

BOSTON (AP)—Erudite tots who go to Boston's Children's Museum play a new game called "Pinning the Blade on the Stegosaurus." It's like "Pinning the Tail on the Donkey." But the blindfolded youngster has to pin a spare blade on the spiny back of a dinosaur.

Contractors Try Salt On Highway Roadbed

LINCOLN, Ill. (AP)—A salted roadbed is being tried here as an experiment in economical road building. Six tons of salt at \$26 a ton has been ordered by Conrad Miller, county superintendent of highways, who said the salt will be mixed with gravel, soaked and then rolled out.

accessories and carried a white Bible covered with satin and lace and topped with white orchid and streamers. The maid of honor wore a street length dress in a dusty pink shade with matching accessories and carried a colonial bouquet. The bride's mother wore a navy dress and accessories and had a gardenia corsage. The mother of the groom also had a navy dress and matching accessories but had a pink rosebud corsage.

Following a reception in the church social room, the bride and groom left for a short honeymoon. As a going-away outfit the bride wore a light brown cord dress and white accessories and a white orchid corsage.

To Live In Mechanicsburg
The bride is a graduate of Gettysburg High School in 1946 and the Harrisburg Hospital School of Nursing in 1951. She is now a head nurse at Harrisburg Hospital. The groom attended William Penn High School, Harrisburg, and served in the U.S. Navy for two years during World War II. He is employed by his father, a general building contractor.

Out of town guests were present from Harrisburg, Mechanicsburg, Carlisle, Royersford and Duncannon. Following their honeymoon the couple will be at home at 40 W. Main St., Mechanicsburg.

will never forget, and in conclusion, we must say how much we have enjoyed the lovely American sunshine and the days so different to what our dear ones in England are experiencing. All the letters from home this summer complain of the wet and cold weather.

Travelled Many Miles
"We have, indeed, been fortunate in seeing so much of your lovely country. Thanks to my brothers, we have traveled many thousands of miles by car and have enjoyed every minute spent here. Should the opportunity ever arise for any of you kind friends to visit England, we hope we shall be able to show you our part of England."

Mr. and Mrs. Courtney spent six weeks of their vacation in San Fernando Valley, Calif., with Mrs. Courtney's brother and sister-in-law, Mr. and Mrs. Joseph Bagley.

"We also visited your lovely capital in Washington and were struck by the beauty of the White House, so close to the avenue for all to see. How lovely and clean everything was, including your magnificent government buildings. We were particularly interested in George Washington's home at Mount Vernon, naturally. The great Abraham Lincoln statue in Washington also impressed us."

To pan summer squash, heat a small amount of butter or margarine in a large skillet. Add the squash cut into thin crosswise slices; cover and cook until tender and lightly browned on one side. Turn the vegetable pieces and brown lightly on the other side. Watch so as not to scorch. Season with salt and pepper and serve at once.

ments race between Russia and the United States.

After months of private negotiations between the two countries, Russia refused to go along—closed the door at least 99 per cent, Secretary of State Dulles has said.

In his speech today, the President said:

"Our proposals for peaceful use of the atom have so far been cynically blocked in the councils of the world, but we shall proceed onward. We shall proceed now—under safeguards set forth in our law—to share atomic technology with others of good will."

"We have just agreed with a number of other nations to go ahead now with the formation of an international agency which will foster the growth and spread of the new atomic technology for peaceful use."

As he proposed in his United Nations speech, Eisenhower said atomic materials — fissionable items and raw uranium—for projects sponsored by the new international agency will be set aside for peaceful uses.

The preliminary steps set forth by the President in his speech were made possible under the new Atomic Energy Law which he signed last Monday, the summer White House said. It authorized the exchange with U.S. allies of certain atomic information.

Under that same new law, the new international agency which Eisenhower said is being formed must be approved by Congress before it can become fully operative. The negotiations which already have been carried on are permitted without congressional approval.

The timing of the President's announcement on going ahead with creation of an international pool came as a surprise. Aides had given no advance indication that his talk would be anything more than an expression of satisfaction over the start of construction of the power plant at Shippensburg, near Pittsburgh.

Littlestown ST. ALOYSIUS SCHOOL WILL OPEN TUESDAY

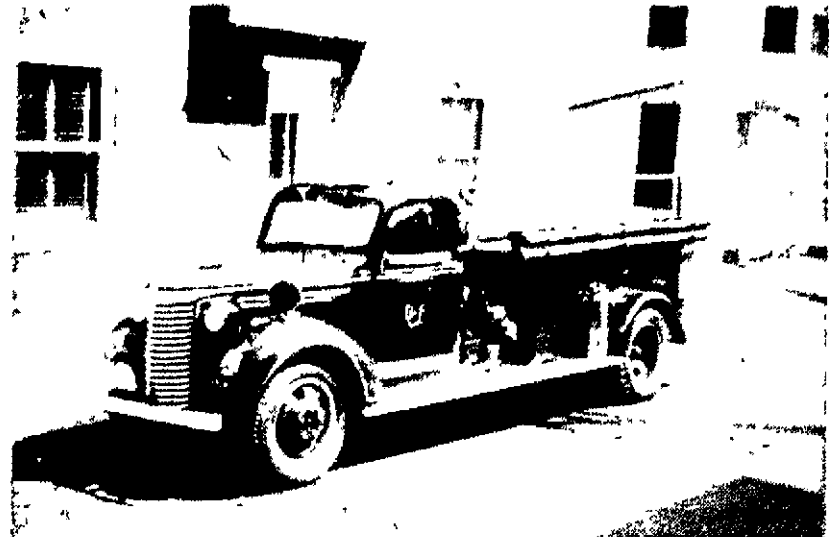

The fall term of St. Aloysius Parochial School will open on Tuesday morning. Mass will be celebrated in the church at 8:15 a.m. and all children of the school will attend mass, after which they will go to the school for the first day's sessions. Mass on Wednesday, Thursday and Friday mornings will begin at 7:15 a.m. and on Saturday at 7:30 a.m. Wednesday is the Feast of the Nativity of the Blessed Virgin Mary and the intention of the mass will be for the spiritual and temporal welfare of the members of the parish.

A Marian Year pilgrimage for the parishioners will be held on Sunday, which is the Feast of the Holy Name of Mary. The pilgrimage will take those participating to Conewago Chapel and services there will begin at 3:30 p.m. The St. Aloysius Parish Council of Catholic Women is sponsoring the pilgrimage, and all members of the parish are invited to participate. Special indulgences may be gained by presence in the chapel and recitation of the prayers there.

The Rev. Fr. Edward J. Shanahan, pastor of St. Aloysius Church, also announced at the Sunday morning masses that Confirmation will take place in the parish, tentatively, on Thursday, October 14, at 7 p.m.

500 At Opening
About 500 people visited the Rose-Garden Pet Shop and Aviary at the grand opening on Saturday. The pet shop is owned by Mr. and Mrs. John

Brushtown's "New" Truck

The "Culp Truck" which for the last 14 year has been among Gettysburg Fire Company pumpers is shown with its new wording and trim ready for delivery to the Brushtown Fire Department. The truck, which has a 500-gallon water carrying capacity, was sold last week by the local firemen to the Brushtown company and after the wording was changed to "Brushtown" by Eugene S. Sickles it was turned over to its new owners. It will make its first appearance as Brushtown's first fire apparatus in today's firemen's parade at McSherrystown. The truck received its name because the decorative gold leaf on the hood spells out the word "Culp."

E. Stambaugh and is located in the rear of their residence at 234 M St. Each man visitor received a pocket comb, the women a plastic letter opener with magnifying glass and the children a lolly-pop. There are between 500 and 600 birds in the shop, and all of the birds are home raised by the Stambaugh's, who have been in the bird pet business for the past five years. The variety of pets available includes parakeets, finches, cockatiels, love birds and canaries.

There were awards presented in connection with the grand opening. Mrs. Gertrude Cramer, Hanover, received a chrome cage, stand and bird; Mrs. Mervin LeGore, N. Queen St., a cage and bird; George Helwig,

Hanover, a pair of zebra finches. Several floral messages of congratulations were received by the Stambaugh's, and there was also a variety of roses from their own garden in their shop.

The first fall meeting of the Youth Fellowship of Centenary Methodist Church will be held Tuesday at 7:30 p.m. in the social room at the parsonage. The Junior Fellowship of the church will not meet this evening as previously announced.

J. Herbert Springer In Auto Accident

A passenger car was badly damaged when it was caught between two trucks in an accident at 8:50 a.m. Friday at the intersection of Lincoln Way West and Grand View Ave., Chambersburg police reported.

Patrolman P. L. Grimes said that Linn Maurice, Mt. Holly Springs, was driving a tractor and trailer owned by H. C. Gabler, Chambersburg R. 3, and was starting to make a left turn into Grand View Ave., just as J. Herbert Springer, Hanover, started around the truck.

Springer told police that he thought the street was a private driveway. When he saw the tractor-trailer was making a left turn Springer tried to avoid a collision by applying the brakes of his car. Thomas C. Gift, Mercersburg R. 1, was driving a GMC truck eastward and came up behind the car. Unable to stop, Gift's truck rammed the passenger car and shoved it under the tractor-trailer.

There was no appreciable damage to either of the trucks but the entire front and rear ends of the passenger car were damaged.

THE Camera COLUMN

By Dave Garfinkle

Last week we talked about that practice run with a new camera, just going through the motions of taking pictures but without using film. When you've done this and you're completely familiar with how the camera works, you're ready to take pictures.

Do just what you've learned. Expose several rolls of film. Take close-up shots, medium and distant shots, some scenic, some portraits, some pictures of the children or the family pets. Try pictures in bright sunlight and others in the shade. Bring those rolls in for developing . . . and then you're ready to start learning.

You learn from experience . . . and too many amateur photographers throw away their experience. STUDY those snapshots carefully. Is this picture sharp, clear, pleasantly composed? Could you have moved in closer and filled more of the picture with the main subject? Is the picture dark from underexposure or harsh from overexposure? Are there any unwanted objects in the picture?

You can even write down the faults of each picture and they will all have faults. This self-analysis, this act of forcing yourself to pick out and write down the faults of each picture, will be a photographic education in itself. You'll remember those mistakes the next time you're ready to snap the shutter.

Next week we'll talk about some needed accessories that will help you make better pictures with that new camera. Meanwhile, come in for your film or for help. **DAVE'S PHOTO SUPPLY**, 52 Chambersburg Street, Gettysburg, phone 43-W.

QUEENMAKER GROOMS GIRLS WHO ASPIRE TO BEAUTY TITLES

WILMINGTON, N. C. (AP)—"Shoulders back, chin up... watch those knees... and smile, smile!"

Mrs. Hannah Block barked the orders like a drill sergeant. Her eyes narrowed critically as she watched Pat Sheppard, long legs swinging smoothly from a taut black bathing suit, glide across the living room.

Cosching beauty queens is Mrs. Block's hobby. When the summer contest season comes, she turns her home into a school for hopeful title seekers.

Snaps The Whip
As instructor, she is a combination fairy godmother and Simon Legree. She shares secrets learned from nine years' experience in the beauty contest arena, but she demands hard work.

She can whip up a smart wardrobe on a limited budget, or put something together really fancy if the money is available. Her keen eye discovers a girl's assets and faults, and her quick mind finds a way to accent the first and camouflage the second.

In turn, the girls must give their whole attention to the job. They must learn to walk with natural grace, to talk nimbly and intelligently, and to eat with the proper fork and manners.

No Dates
"I must walk a hundred miles a day," sighed Pat, rubbing a trim ankle. For the 19-year-old beauty, training under Mrs. Block is like military basic—with no passes off the reservation for dates.

"My girls" are her first concern. Title winner or not, the training helps in poise and confidence, she explained.

But a contest rouses Hannah's fierce competitive instinct. Her burning ambition is to bring in a Miss America winner.

On her way to that goal, she has coached a Miss Lions International, a Miss Lions National, and a second place winner in the Miss V.F.W. contest.

Lions Club Winner
Her instruction helped Janice Harvel of Nearby Carolina Beach—now Mrs. Paul Brown and the mother of two girls—win the state, national and international Miss Lions competition in 1949. Two years later, another pupil, Barbara Womble of Wilmington, took the state and national titles but lost in the international round. Gaye Herring of Pick Hill, also a Block student, placed second for the national Miss V.F.W. title in 1950.

So far, Hannah has failed to crack the first major hurdle in the Miss America race—the Miss North Carolina contest to pick the state's representative in the Atlantic City Pageant. This year she had two contenders out for the title. In addition to training Pat, who won the Miss Kingston contest, she coached Geraldyn Colkitt, Wilmington's entry.

Many Snap Under Strain
The major aim of the training is to develop confidence and charm that will not wilt under the contest spotlights. "I've seen girls faint or go into hysterics under the strain," Mrs. Block recalled. Competition promoted among the girls training in her living room accustoms them to the pace.

Hannah has the looks to compete for a title of her own. With an 18-year-old son, she still has a figure trim enough to wear a hugging empire waistline without embarrassment. Her black hair is sheared close and crisp. Electric brown eyes add sparks to her rapid, laughter-filled conversation.

With the exception of \$25 won years ago in an Easter Parade contest, her awards have been for brains rather than beauty. She was selected Wilmington's "Woman of the Year" in 1953, a tribute to civic activities embracing 19 different clubs.

MISS HART TOP TOURNEY PICK

By CHARLES CHAMBERLAIN
The Associated Press

CHICAGO — Doris Hart, tennis' hardluck gal, has a great chance to shuck off the "runner-up blues" in the nationals at Forest Hills. (Dates for the nationals are Aug. 28 through Sept. 6.)

The affable 29-year-old star from Coral Gables, Fla., has finished second five times in the nationals.

In the 1946 finals, she bowed to Pauline Betz. In 1949 and 1950, she lost to Margaret Osborne DuPont. The last two years she was soundly beaten by Maureen Connolly.

Has Good Chance
With Maureen sidelined with a broken leg, Doris figures to have a fine chance at Forest Hills.

"Naturally, I feel my chances are better with Maureen out of the tournament," Doris says. But she doesn't think she has a realistic chance. "She is such a great star."

Mr. and Mrs. McKenrick were married by the Rev. Francis J. Noel at St. Ignatius Catholic Church, Buchanan Valley, August 29, 1907. They have five children, Gilbert, Theodore, Joseph, and Mrs. Rosetta Johnson, all of Gettysburg, and a son, George Jr., York. There are seven grandchildren and one great-grandchild. The couple's children and families were present for the dinner. Gifts were received by the celebrants.

win. The four I must watch out for are Louise Brough, Shirley Fry, Margaret DuPont and Beverly Baker. Flenz."

Doris has never broken through at Forest Hills in nine years of campaigning, but she has won just about everything else. She took the Australian crown in 1949.

The Wimbledon in 1951 and the French title in 1950 and 1952. She also has won the Italian and Egyptian championships.

Recently, Doris was drubbed 6-3, 6-1 by Maureen in the finals of the National Clay Courts in Chicago. It was their first meeting since the 1950 nationals.

As a small girl, Miss Hart was injured in a fall against a metal post, paralyzing her right knee. It took two years for her to walk again. When she was 10, a critical illness kept her out of tennis for a year.

But when she was 12, she began to play. By the time she was 15, she was a national champion. She has since won 10 national titles.

Miss Hart was among the first to send condolences to "Little Nipper" after her horse shied and bucked and she suffered a leg fracture and torn tendons.

5 Top Stars
"Including myself, there are five women players who can beat each other at Forest Hills," says Doris. "The one who is up on her game at that particular time will take it."

JAPANESE WIFE LACKS GADGETS FOR DAY'S WORK

By ANNETTE DAVIS

WASHINGTON (AP)—The typical day of the Japanese housewife isn't much different from that of the average American housewife, with one exception: she has fewer electrical gadgets to help her out.

Mrs. Toshiko Tanaka, wife of a Japanese Chamber of Commerce official, says the washing machine is a little-known luxury in Japanese homes. She is here with other wives of Japanese officials on a visit sponsored by the Ford Foundation and the Institute of International Education.

Mrs. Tanaka, a youthful-looking mother of six, said the Japanese housewife washes every day by hand in luke warm bath water left over from the day before. "The water is clean, though," she assured me, "because we only use the tub to soak in after sponging off."

When I asked her about servants, she said there are none for the average family. The girls who used to go out as servants now prefer to work in offices. The only help the housewife has is from her children and (this may sound familiar) from the local laundry, which does her husband's shirts.

The first break in the housewife's day, Mrs. Tanaka says, is at noon when she fixes a bite of left-overs and tunes in an hour-long radio program for women. She may hear a new recipe, a daily pep talk or selections from some famous book. Television is coming in gradually, but it is too expensive for the average family.

By three o'clock, the children are home from school clamoring for an afternoon snack. After serving them tea and sweets, the mother goes out to market. She must shop daily for vegetables and meat or fish because most homes have no refrigeration.

In her "spare" time, she sews. Those kimonoes that look so pretty must be taken apart every time they are cleaned and sewn back together. One advantage, Mrs. Tanaka told me, is this: If a spot is beginning to show wear, it can be siffted to a less obvious position. As a result, she says, Japanese women can wear their dresses 10 to 20 years.

DEATH

William A. Feiser

William A. Feiser, 67, a funeral director for 40 years, died Sunday night at Hanover General Hospital at 11:30 o'clock. He had been in ill health for some time, having been hospitalized in early summer but having returned to his home at 205 Carlisle St. He became critically ill Saturday night.

He was the son of the late Albert S. and Rosa B. Feiser and was born Dec. 13, 1886. He worked in New Oxford after taking the State Board examination for embalmers on March 16, 1910. He went to Hanover in 1914.

He is survived by his widow, Mrs. Mabel Z. Feiser, one daughter, by a former marriage, 4 sisters, one brother, a half brother, and a stepbrother Henry J. Smith, Gettysburg.

Funeral services Wednesday at 10:30 a.m. from the Feiser Funeral Home, Hanover, with his pastor Rev. Edgar Ziegler, officiating. Burial in Mummert's Meeting House Cemetery near East Berlin. Friends may call Tuesday evening at the Feiser Funeral Home. Arrangements in charge of J. W. Little and Son, Littlestown.

Judge Ups Sentence On Sassy Defendant

OWOSSO, Mich. (AP)—Each time John Penyska, opened his mouth in Circuit Court it cost him 30 days in jail. The judge told him to pay his wife, Sally, back alimony or serve 30 days in jail.

Penyska said he's take the days and protested when the judge told him time in jail wouldn't wipe out the debt.

"Maybe 60 days would be better," the judge suggested to the bitterly protesting Penyska.

"Make it 90 as long as I'm going to jail," Penyska said. The judge did.

What do they do between deliveries? "Water and pray."

Other Accidents
No one was reported injured in a crash at 2:10 o'clock this morning in New Oxford on the Lincoln Highway near Peters St. Police said Ralph L. Stambaugh, 26, New Oxford R. 1, headed west, sideswiped a car driven east by Ronald E. Shue, 18, York R. 9. Damage to the Shue car was listed at \$350. No estimate was made on damage to the Stambaugh vehicle. Stambaugh was placed in the county jail on a charge of driving while under the influence to await a hearing later before a New Oxford area justice.

Saturday afternoon at 1:50 o'clock cars operated by Mervin Weaver, 36, Littlestown R. 2, and William Storm, 22, Gettysburg R. 1, collided just south of Littlestown on the Westminster Rd. Police said Weaver was attempting to make a right turn, swung wide to make the turn and Storm, believing the operator ahead was making a left turn attempted to pass just as Weaver swung back to the right. Damage was estimated at \$100. Investigation is continuing.

Elderly Man Banks Money in City Park

AURORA, Ill. (AP)—Park custodian Ray Moses now knows that there really was \$365.10 buried under a clump of bushes in his park.

Frank Butenoff, 70, told Moses that he believed someone had buried the money he had buried in a tin can. Moses grabbed his shovel and asked where it was buried.

Butenoff showed Moses who soon uncovered the tin can containing the exact amount Butenoff told him he had buried.

Pennant Fever Sweeps Wisconsin As Braves Win Pair From Reds; Giants Lose; Yanks Drop Another

By JOE REICHLER
Associated Press Sports Writer

Pennant fever, a contagious malady that raises hopes higher than temperature, is raging all over the state of Wisconsin again.

From Kenosha to Sturgeon Bay, from Sheboygan to La Crosse, excitement has gripped all Wisconsinites as the Milwaukee Braves are making another thrilling bid to overtake the New York Giants and Brooklyn Dodgers, the National League front runners.

The Braves took a long stride in that direction yesterday, capturing two comeback victories over Cincinnati 11-8 and 9-7 while Brooklyn was salvaging the finale of its three game series from the Giants.

Only 1 Behind Dodgers

As a result, the Braves today are five games off the pace and only one behind the second place Dodgers with exactly three weeks remaining. New York and Milwaukee have 21 games left to play and Brooklyn has 19. The Braves meet the Giants and Dodgers three more times each.

Ted Kluszewski's homers, one in each game for Cincinnati, raised his league leading total to 44.

The Dodgers, sparked by Junior Gilliam's bat and Carl Erskine's relief pitching, whipped the Giants 7-4 to slice New York's lead to four games.

Indians Stretch Lead

The Cleveland Indians opened up a 4½ game margin on the runner-up Yankees, drubbing the Chicago White Sox 8-2 while Washington was handing New York its second straight defeat, 5-4.

Boston's Red Sox swept past Detroit into fourth place with 12-5 and 7-3 victories over Philadelphia while Baltimore was edging the Tigers 4-3.

Philadelphia's Phillies won their sixth straight, knocking off the Pittsburgh Pirates 12-5. The St. Louis Cardinals snapped a seven-game losing streak, defeating Chicago 6-2.

Wilkes-Barre and Elmira battle down to the wire today as the Barons fight to protect their 1½ game margin in the Labor Day double-header that conclude the exciting 1954 season.

Wilkes-Barre can grab the title by taking one of its two home contests against the seventh-place Williamsport Grays. The invading Pioneers must take both games from a Binghamton team fighting for a fourth-place tie and playoff position.

The Barons missed their chance to clinch it last night when Reading came from behind to win, 3-2, in the 10th inning.

Binghamton dropped a double-header to cellar-dwelling Schenectady, the Jays taking the first, 4-2, in 11 innings, and the second, 1-0.

Elmira kept its hopes alive by splitting a doubleheader at Albany, the Pioneers taking the nightcap, 5-0, after losing the opener, 3-2. Allentown defeated Williamsport, 6-5.

Detroit Lions Beat Giants For Third

By THE ASSOCIATED PRESS

The Detroit Lions, champions of the National Football League, have built up a perfect three-for-three record in pre-season exhibitions.

Their third triumph came this past weekend as they defeated the New York Giants 28-13 at Norman, Okla.

Elsewhere on the exhibition schedule the San Francisco 49ers, boosted as the main threat to the Lions this season, stretched their unbeaten string by defeating the Cleveland Browns 38-21; the Los Angeles Rams smothered the Chicago Cardinals 51-17; the Chicago Bears beat the Washington Redskins 29-20 and the Philadelphia Eagles defeated the Green Bay Packers 24-13.

Blue Ridge Summit clinched the regular season championship of the Pen-Mar Baseball League Sunday by defeating New Oxford 3-1 while Fairfield, who had been tied with the Summitters, dropped a 6-3 decision to Union Bridge.

Dr. D. Luther Beagle, league president, announced this morning the Shaughnessy playoffs will open next Sunday with third-place Cashtown at Blue Ridge Summit and fourth-place New Oxford at Fairfield. Both semi-final series will be a best-of-three affair with the final series another best-of-three series.

Union Bridge pounded two Fairfield hurlers, Weikert and Seifert, for 11 hits to win at Fairfield. Gilbert, Union Bridge moundman, limited Fairfield to six hits, including a single and triple by J. Deardorff. Three runs in the fourth inning gave Union Bridge the decision.

In a make up game of a postponement, Union Bridge wallowed New Oxford 13-10 on Saturday.

Cashtown's fast stepping aggregation nipped winless New Windsor 3-1 at Cashtown on a five-hitter by E. Kane. G. Herring collected three of Cashtown's seven hits.

Emmitsburg won a 4-2 decision at Thurmont.

Gridders Leave Mount Campus On Tuesday

Gridmen from St. Mary's High School, Gloucester City, N. J., running through preseason drills at Mount St. Mary's College, Emmitsburg, had only light workouts Sunday as Coach Jim Hopkins unveiled this year's St. Mary's team before the parents and friends of the players.

Some seventy guests were on the Mount campus, as the High School held Parents Day.

Rev. Fr. John Clark, director of the training period, announced that the St. Mary's gridmen would wind up practice sessions on Tuesday and return to Gloucester City on Wednesday.

Gridders' Dad RECEIVED PAY FROM COLLEGE

LOS ANGELES (P) — Harvey Knox, stepfather of passing quarterback Ronnie Knox, is quoted by the Los Angeles Examiner today as saying he was paid \$400 monthly for 15 months to recruit athletes for the University of California at Berkeley.

The stepfather relates in the copyrighted interview with sports writer Melvin Durslag that the university's Southern California alumni paid him from March 1953, when his son was still in Santa Monica, Calif., High School, until last June.

"I'm tired of protecting people who claim innocence in the bad deal given my boy at Berkeley," Harvey Knox said in the Examiner story. "I want to blow the lid off this thing once and for all. Second, I feel that my employment by California alumni may have been partly responsible for the bad deal my boy got."

Transfers To UCLA

Ronnie was at Berkeley last year. This summer he transferred to the University of California at Los Angeles (UCLA) although he will not be eligible for football there until next year. He reported last week for UCLA practice but under Pacific Coast Conference rules cannot practice until classes begin Sept. 20.

"Months ago the elder Kno asserted that his son was promised jobs if he went to Berkeley but that the promises were not fulfilled. California was cleared by the coast conference of any wrongdoing in connection with the as-assertion.

don't disapprove of them. I think we should play either all day or night games. It's hard to get adjusted at the plate after playing a day game, then trying to follow the ball at night."

Sisler, who takes no credit for teaching Thomas, figures in a couple of years the big Lithuanian (he's 6 feet 3) will be one of the top home run hitters in the majors. "He's a good pupil. He's strong and alert and that counts a lot in being a great home run hitter," says Sisler.

"At All-Star game time Thomas was hitting .303 for 84 games but had hit only 10 home runs. It was then that he said:

"Now is the time to get going."

Old Diamond Stars Were Hardy Men

NEW YORK (P) — Ty Cobb, who played 24 years in major league baseball from 1905 to 1928, established countless records in his 3,033 games in which he participated.

Cobb, Tris Speaker andonus Wagner are the only men who played 100 or more games in 19 seasons in the majors. Wagner and Speaker did have this triumph over Cobb: They played their 100th game years consecutively. Cobb split up the years on which he equalled their records.

Minor Leaguer In N.M. Hits 72 Homers

ROSOWELL, N. M. (P)—Huge Joe Bauman, a southpaw swatter who has stalked minor league pitchers for an untold extra-base output, holds the all-time record for home runs—a mighty 72 for 138 games that should stand for a long, long time.

Big Joe, Roswell's 32-year-old, 240-pound first baseman, clouted three last night to better the record by just that number as Roswell closed the regular season by splitting a double-header with Artesia in the Longhorn League.

Bauman, who broke into professional baseball in 1941 and except for a brief fling with Little Rock of the Southern Association, has spent all his slugging years in the deep minors or with semi-pro clubs, cracked the record of 68 set in 1933 by Joe Hauser of Minneapolis and tied in 1948 by Bob Crues of Amarillo.

Once he was known as "Terrible Tommy" because of club-throwing habits of his early days, but he says he's just "Tame Tommy" now and there are no more flares of temper over missed shots.

Predicts Victory

His next stop is the Celebrities event in Washington, Sept. 26, and with no show of bragging Tommy told the press: "I'll win that one, too."

Asked if he had something special to spend the \$2,400 on, Bolt replied: "Yes, surely!"

"Make that 'Yes, Shirley,'" said his wife, who was standing by. Her name is Shirley.

The tournament was a par-breaking parade from start to finish as the pros tore Firestone Country Club's 6,620-yard par-72 layout apart with 1,129 birdies, 45 eagles and a hole-in-one. Bolt did not score an eagle, but he had a flock of birdies, missing par on only one hole during the fiery final 36.

Fred Hawkins of El Paso, Tex., gave the Lone Star State a sweep of the two top spots as he finished second at 270 for \$1,800.

Wampler Is Third

Fred Wampler of Indianapolis was third at 271, and then prize were strung out to the 30th place winner, Mike Dietz of Grosse Pointe, Mich., at 286, or two under par, for \$100.

Ed Furgol, the National Open champ with the withered arm, finished with three sub-par rounds to tie three others at 276 for \$60, but PGA champion Chick Harbert of Detroit failed to hit the money list with his 289 as he wound up with a 77, five over par.

Fred (Rick) Jones of Youngstown, Ohio State Junior who helped the Buckeyes win the big ten title this year, paced the amateurs with a two-under-par 286. Andy Hias of Barborton, Ohio was next with 287, and Toledo's Frankie Stranahan, one of the country's top-ranked amateurs, third with even par 288.

ONE HUNDRED YEARS AGO

The third annual Agricultural
Fair held at Hagerstown, was
visited by immense crowds. Some
of the finest stock in Maryland
was upon the grounds. A beautiful
buggy, put up by Mr. PERRY
TATE, of this borough, took the
premium in the carriage line; and
we learn, was immediately disposed
of at a handsome price. This
speaks well for our young townsmen.

Tuesday last was the hottest day

The mercury rose to 105°.

We call the attention of our

property near Taneytown. It
is beyond a doubt, one of the finest
estates in the upper Counties of
Maryland, and well worthy the attention
of men of wealth.

E. D. Weigle and E. J. Metzler.
of Littlestown and by the pastor,
the Rev. M. L. Beard. The afternoon
was spent in social intercourse,
amusements and a sumptuous din-
ner, old and young enjoying a
pleasant day.

College Opening: On Thursday
the new collegiate year (the 48th)
of Pennsylvania College was for-
mally opened by Dr. Jacobs in de-
livering an address to the students
in the college chapel. He urged
in most emphatic and impressive
manner the necessity of regarding
religious education as not only of
first importance, but as the end of
all other studies.

The session begins with quite a
large accession of new students; the
aggregate number is largely in ex-
cess of the number in attendance
a year ago. The following have al-
ready entered: Senior 10, Juniors
16, Sophomores 20, Freshmen 30,
special in chemistry 3—total in col-
lege classes 99; Preparatory Depart-
ment 31.

Walking Match: Among the at-
tractions at the picnic at Cum-
mingsham's grove on Saturday was
a walking match—3 mi., go as you
please—for the championship of the
county, a prize and silver medal.
There were four entrants, all from
Gettysburg. The contestants made
the following record:

Charles Musser, 5 miles, 40 min-

Frank Little 5 miles, 40 minutes,
45 seconds.

William Beiter, 5 miles, 42 min-

Water: The want of a full supply
of water for general use and to
meet the contingencies of fire, has
long been felt in Gettysburg, but
the difficulty has been to arrange
for such a supply. We understand
that the Town Council have been
recently moving in the matter, and
this week adopted a resolution look-
ing to a popular vote to test the
wishes of citizens. We do not know
where or how the proposed supply
of water is to be obtained, or at what
cost.

Today's Talk

KEEP WELL BALANCED

The well-balanced person is the
one who is safe—safe to trust and
safe to have on your side—for the
judgement of such a one is some-
thing worth heeding. I once heard
an expert canoe handler tell a per-
son about to take a seat in a canoe
to take hold of each side with the
arms and keep the body in the
center—well balanced.

We can take that advice to our-
selves as an everyday practice and
always seek to keep well balanced
in thought and action. We hear a
great deal about people with ideas
to the right and to the left, but
the ones who are well balanced
are the wise ones. Their judgment
is almost always sure to be trusted
and heeded.

The Y.M.C.A. organization has
an emblem and motto which we
can all adopt as our own—body,
mind, and spirit—balancing each
one with the other. Integrity is a
far more valuable possession than
money or social distinction. A per-
son with a well-balanced mind is
always an interesting person to
whom to listen. A well-read per-
son cannot be dull, nor can widely
travelled persons, that is, if they
will talk!

The well-balanced person is the
best one for a friend, for then every
discussion will be one in which all
sides are included so that in the
end both parties gain and take
pleasure in and profit, from the
talk. It's the off-balance person
who mixes things up that is often
unreliable and untrustworthy.

Keep well balanced and you will
have many valuable followers. You
will even be hunted and desired as
a companion, friend or associate
in business. It's such a pleasant
experience to have a well-balanced
person around and within which!
Who wouldn't want to be that kind!

Tomorrow Mr. Adams will talk
on the subject: "The Glory of Giv-
ing"

Men who earn the pride of skill;
Men whose task in service
ends;
Men who toil with forge and
drill,
'Tis on these the world
depends.

Men who labor night or day,
Useful hands and bodies stout
Shaping wood and steel and clay,
These the world can't do
without.

Simple tribute this to pay:
Limited or vast their powers,
Free men working day by day
Glorify this world of ours.

Water: The want of a full supply
of water for general use and to
meet the contingencies of fire, has
long been felt in Gettysburg, but
the difficulty has been to arrange
for such a supply. We understand
that the Town Council have been
recently moving in the matter, and
this week adopted a resolution look-
ing to a popular vote to test the
wishes of citizens. We do not know
where or how the proposed supply
of water is to be obtained, or at what
cost.

being daily violated.

**SIGNS BILL TO
BEGIN WORK ON
SERIES OF DAMS**

DENVER (AP)—Approved by Pres-
ident Eisenhower, a federal project
for the start of a major flood con-
trol program along the headwa-
ters of the West Branch of the
Susquehanna River in Pennsylvan-
ia was another step nearer reality
today.

The plan calls for a 25-million-
dollar start on major dams at
Curwensville, on Kettle Creek and
on Bald Eagle Creek at Blanchard.

It was incorporated into the om-
nibus flood control-navigation
bill passed by the 83rd Congress in
the closing days of its session after
hot disputes between backers and
opponents of the plan had been
heard by a Senate committee.

President Eisenhower signed the
bill into law on Friday. It does
not, however, appropriate the nec-
essary money; that will have to
be done later.

Other Pennsylvania projects in-
cluded in the bill are:

Deepening the Delaware River
shipping channel from Philadel-
phia to Trenton, N. J., at a total
cost of \$91,389,000;

Control of beach erosion at
Presque Isle, near Erie, to cost
\$2,006,000;

Erie Harbor channel work, \$174-
000, and a start on flood control
work for Sandy Lick Creek, near
Reynoldsville, at a cost of \$570,000.

While it was not the largest
Pennsylvania appropriation in the
bill, the Susquehanna River flood
control project drew the most at-
tention in the Keystone State. Res-
idents of the area lined up behind
two differing plans for the work
and argued it out in the Senate
committee rooms.

In the end, the committee backed
the big-dams plan, and this in turn
was approved by the Senate and
the House.

Some Opposed Plan

Opponents had contended that
it was too costly, that it would
inundate too much valuable land,
and the flood control work could
be done as effectively by a series
of smaller dams.

The U. S. Army Engineers, who
plan and direct federal flood con-
trol work, now must determine
which phase of the West Branch
program to tackle first, and pre-
pare plans to start the task after
Congress appropriates the neces-
sary funds.

Meanwhile the Commonwealth of
Pennsylvania is going ahead in-
dependently with another phase of
the same problem. Construction of
a 9 million dollar dam on the First
Ford of Sinnemahoning Creek an-
other Susquehanna tributary, in
Cameron County.

**SQUARE DANCE
SET FOR OCT. 29**

The Ladies' Auxiliary to Memorial
Post No. 6688, Veterans of Foreign
Wars, Emmitsburg, held a regular
meeting on Thursday evening in the
annex at the post home. There were
27 members present. The meeting
was presided over by the president,
Mrs. Helen Daugherty. The meeting
was in charge of the loosing team
in the Quilt Contest. They enter-
tained the winning team at a buffet
supper.

During the business meeting the
chairman of the food stand at the
recent picnic held for the ambulance
fund announced that some \$136 had
been cleared at the food stand. Re-
ports were also given on the recent
banquets that were held for the
benefit of the Auxiliary.

It was decided that a square dance
will be held in the annex on the
evening of October 29. This dance
will be open to the public with a
small admission being charged. Full
details on this dance will be an-
nounced in the near future. It was
also decided to hold the yearly bene-
fit card party in November. Full
details on this party will be an-
nounced in the near future.

Mrs. Beecher Ohler, one of the
unit's Gold Star Mothers, gave the
unit another quilt top. A quilting
will be held later in the fall and
the quilt will be disposed of for
the benefit of the Auxiliary.

**North, South Engage
In Shooting Match**

RICHMOND, Va. (AP)—It may be
the atomic age out U.S. Grant and
Robert E. Lee would feel right at
home in the woods around here.

Confederate and Union army
uniforms are being seen frequen-
tly on former Civil War (War be-
tween the States down here. Sub-
battlegrounds as the sport of muske-
toeing rifle shooting grows. Rich-
mond has two South teams which
frequently have Yankee or North
teams as their guests for old time
shooting matches in full uniform.

**Bee Farmer Claims
Double-Flavor Combs**

JOHANNESBURG (AP)—George
Richie, a Johannesburg bee farm-
er, claims he has found a way to
get his bees to produce two dis-
tinctive flavors of honey in the
same comb.

How he does it is still a secret
but Richie says his combs are in
great demand. He's now trying for
four flavors in one.

He got the idea when a Russian
delegate told an apirists confer-
ence in Britain the mixing might
be done artificially by hand.

"Why not let the bees do it?"
Richie asked himself.

**Okla. Women Adopt
Storm Shelter Rules**

DUNCAN, Okla. (AP)—Two Duncan,
Okla. women with storm cellars
had to adopt rules for the neigh-
bors who rushed there at the
threat of a tornado. Among them
were:

Don't let the kids yell and fight.
Bring your own snacks; don't
expect your hostess to furnish food.
No smoking; the air gets thick.
Don't gripe because you're here.
Be thankful your neighbor has a
cellar. And don't criticize seating
facilities.

And please leave immediately
after the storm. This is not a so-
cial event.

**SHOOTING WAR.
NOT OVER YET
IN FAR EAST**

By JOHN M. HIGHTOWER
WASHINGTON (AP)—The cold war
has flamed to a shooting phase
again in the Far East despite con-
siderable talk of peace and co-
existence between the Communist
and non-Communist worlds.

Geneva-born hopes that peace in
Indochina had ended the shooting
are crumbling under the bombard-
ment of Red Chinese shore bat-
teries off the island of Quemoy and
the spattering of Soviet fighter
plane machine guns.

Officials here are reluctantly
swinging round to the idea that
trouble on a dangerous scale could
break out again in the Orient. At
present the trend of events is more
worrisome than immediately
threatening but it is unquestion-
ably a dangerous trend.

One related fact stands out.
About a year ago an American
patrol plane was shot down in
roughly the same position over the
open sea.

Four years ago over the inter-
national waters of the Baltic an
American patrol plane was de-
stroyed by Soviet fighters. Little
more than a month ago, in July,
Red Chinese fighter pilots de-
stroyed a British commercial air-
liner near Hainan Island in a sen-
sational attack that cost three
American lives and injuries to
three other U. S. citizens.

The whole series of attacks on
aircraft over the open sea suggests
the possibility that the Reds may
be trying to establish a control of
ocean areas around their shores
substantially beyond either the tra-
ditional 3-mile limit or the some-
times claimed 12-mile limit.

Johnny Temple, Cincinnati Red-
leg second baseman, is a whiz at

times in his first 21 games in the
majors, and led the Texas League
in steals with 30 in 1951.

mandated that this government re-
taliates by breaking off diplomatic
relations with Russia, but Presi-
dent Eisenhower was represented
as believing such a step would not
be in the best interests of the coun-
try.

Outside Red Territory

Moscow said the American craft,
a two-engine propeller-driven Nep-
tune, had violated Russia's "air
space" and had opened fire. Wash-
ington said the Russian planes
opened fire first, and that at least
one of them scored hits which set
the Neptune's wing afire and
forced her down.

The State Department located
the incident as being about 100
miles east of Vladivostok and 44
miles from the Siberian Coast.
That would be well outside Rus-
sian territory. It said the shooting
occurred at 6:18 p.m. local time
Saturday—or early Saturday morn-
ing—by Washington Time.

By THE ASSOCIATED PRESS
The number of traffic fatalities
for the 76-hour Labor Day week-
end was running behind the year's
daily average and short of last
year's figures, but the National
Safety Council read into a Sunday
night upswing an indication that—
"Our prediction of 390 dead will
be awfully, awfully close."

With almost 60 hours of the sum-
mer's last long holiday weekend
gone, the death toll was: traffic
232, drowning 46, miscellaneous ac-
cidents 45—total 323.

Ned H. Dearborn, President of
the National Safety Council, took
little comfort from a comparison
with an average of 91 fatalities
every 24 hours this year up to
Aug. 1 in highway accidents, or
with a test period's figures.

An Associated Press survey of a
similar 76-hour period (6 p.m.
Friday to midnight Monday) for
the non-holiday weekend of Aug.
20-23, listed 346 traffic deaths, 43

DEMOCRATS ARE READYING NEW ATTACK ON GOP

WASHINGTON (AP) - Democrats appear to be getting set for a frontal attack on the Republican's picked campaign slogan of "peace, progress and prosperity."
Labor Day weekend blasts at all three stanzas of the Republican refrain apparently signaled a chorus of Democratic dissent that could make foreign policy developments a major issue in the November election battle for control of Congress.
Platible To GOP
The Democratic National Committee supplied its candidates with some fresh ammunition on the international front with an assertion that Secretary of State Dulles is making foreign policy "politically palatable to the (GOP) Old Guard" with the result that "the drift toward general war goes forward remorselessly."
Sen. Kefauver, a Democratic candidate for re-election in Tennessee, fired away at the "progress" theme with a statement contending that private utilities are getting Eisenhower administration help in a move to "break up the TVA" (Tennessee Valley Authority) system.
Organized labor's leaders hacked at the "prosperity" note, countering the contention of Secretary of Labor Mitchell that the administration is "currently making progress in providing more jobs for our people."

13 KILLED IN PENNSYLVANIA OVER WEEKEND

By THE ASSOCIATED PRESS
Ten persons have met death on Pennsylvania highways during the long Labor Day weekend. Two others were killed at racing speedways and one man was fatally wounded by a hunting companion. Motorcycles figured in no less than three of the accidental deaths.
Owen Pester, 25, of Waynesburg, was killed Sunday in a head-on collision of an auto and the cycle he was riding on Route 218 near Waynesburg. The driver and cycle owner, John Thralls, 18, also of Waynesburg, is in critical condition at Greene County Hospital.
A cycle and a car collided in Ohio Twp. near Pittsburgh Sunday killing Ronald G. Black, 17, and injuring two others on the cycle including the driver, Peter Cassidy, 20, of Glenfield.
Falls Off Cycle
Henry Rohballe, 27, of Lonsdale, R.I., was killed Sunday when he fell from his cycle during the feature race at Langhorne Speedway near Philadelphia.
And in a stock car race at Williamsport, Melvin E. Ressler, 28-year-old father of three children, was killed when his car went out of control at Riverview Speedway. Ressler, who lived at Ogan Station, Lycoming County, was dead on arrival at Williamsport Hospital.
The hunting victim was Frank Gacia, 26, of Imperial, Washington County. He was shot by his companion when mistaken for a groundhog.
In other fatal traffic accidents across the state:
Morris Gash, 42, was killed in Philadelphia Sunday when his auto overturned after colliding with another car.
Henry Lewis, 28, Carlisle, died in an auto which overturned on the Pennsylvania Turnpike.
Cleveland Plattenberger, 60, Chester, killed in a crash near his home.

Search For Bodies Of Six Crash Victims

NORFOLK, Va. (AP) - Search and salvage operations were resumed here today for the bodies of six of seven Naval reservists who perished when their RSD transport plane plunged into Chesapeake Bay.
One body was recovered shortly after the crash Saturday night. No other bodies were found. The identity of the one recovered had not been established.
The plane, the Navy's four-engine equivalent of the commercial DC6, fell into the choppy bay off suburban Ocean View only minutes after taking off from the Norfolk Naval Air Station on the return flight to its home base at the South Weymouth Naval Air Station at Weymouth, Mass.
Detroit claims to be the hottest golf center in the U.S. with the United States Golf Assn. deciding (Aug. 23-28) for the eighth time its 1954 amateur championship at the Detroit Country Club. Twenty major golf titles have been decided on that course.

Pilot Sets New Speed Mark; Dies In Crash

DAYTON, Ohio (AP) - The 1954 National Aircraft Show winds up today on a note of tragedy with a program dedicated to the memory of a pilot whose plane exploded in a "ball of fire" as he tried yesterday for a new speed record.
Maj. John L. Armstrong, 32, died in a crash shortly after the Air Force announced that his name had gone into the record books with a new record of 649.302 m.p.h. over a 500-kilometer closed course.
The major, a Californian who lived at Fairborn, Ohio, set that record last Friday. It exceeded the old record of 607.1 m.p.h. set last May by Capt. Anders Westerland of the Swedish Air Force.

8 NATIONS AT MANILA FORGE LINKS TO HOLD BACK TYRANNY

By DON HUTH
MANILA (AP) - Representatives of eight nations "that are ready to stand up and be counted in the struggle against aggression and tyranny" today began forging the links of economic and military chains they hope will halt Communist expansion in Southeast Asia.
In the sweltering heat of the Philippine Senate Hall, chief delegates of each government emphasized that their efforts were directed toward the preservation of peace.
After the colorful opening ceremonies, United States, Britain, France, the Philippines, Thailand, Australia, New Zealand and Pakistan began their closed door deliberations to iron out the few remaining kinks in a collective security alliance.
First Concrete Step
Thus was the first concrete step taken in Asia to unite anti-Communist nations "of East and West against the threat of communism."
This much seemed probable: the conference nations will not muster a huge standing army patterned after the ill-fated European Defense Community.
U. S. Secretary of State John Foster Dulles told the conference, "for the free nations to attempt to maintain or support formidable land-based forces at every danger point throughout the world would be self-destructive."
That view seems likely to prevail, despite the pleas of Philippine Vice President Carlos Garcia for "a solemn covenant where member nations are pledged to act immediately in case of aggression, one for all and all for one."
Garcia was elected permanent chairman at Dulles' suggestion.

Probe Rescue Delay In KLM Air Crash

SHANNON AIRPORT, Ireland (AP) - The Dutch and Irish governments launched an investigation today into rescuers' delay in reaching the KLM Royal Dutch airliner which plunged into the River Shannon yesterday. The disaster claimed 28 lives - 11 of them American.
Of the 28 persons who survived the crash of the New York-bound Super Constellation, 15 were Americans. It was the second crash of a KLM airliner in 13 days. A New York-to-Amsterdam Skymaster went down in the North Sea Aug. 23. All 21 aboard, including 12 Americans were killed.
Survivors of the Shannon crash told of waiting anxiously more than three hours, despite the fact that the big plane came down only two miles from the airport in the early morning darkness.

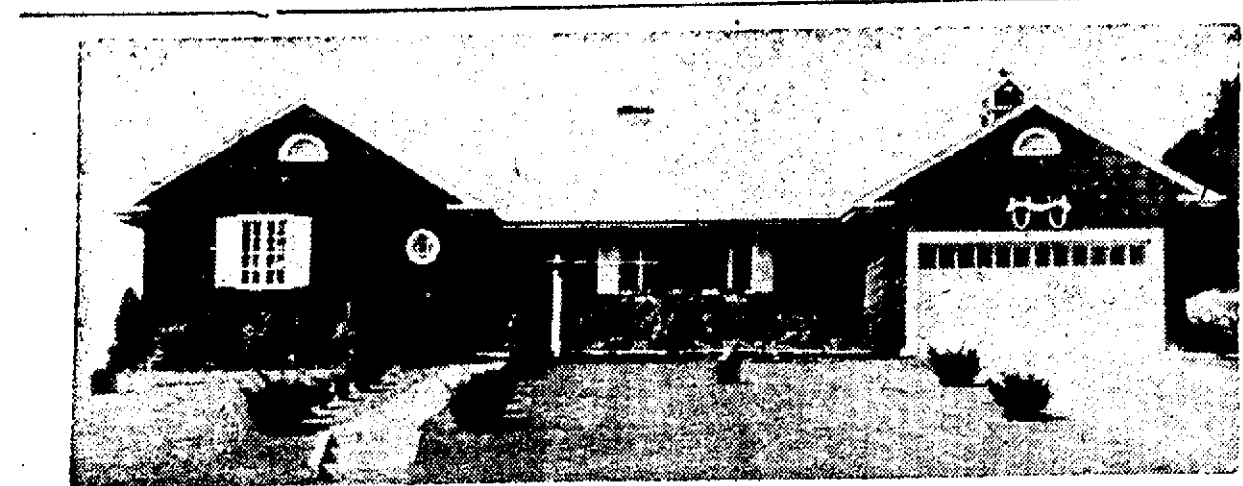

Sen. Morse Says More Bankruptcies In U.S.

MIAMI BEACH, Fla. (AP) - Sen. Wayne Morse of Oregon said today President Eisenhower's administration is "trying to fool the American people into believing that they are enjoying good times."
"The fact of the matter," Morse said in a speech prepared for the convention of the Brotherhood of Railroad Trainmen, "is that bankruptcies have increased more than 50 per cent during the period of the Eisenhower administration. In comparison with the corresponding period immediately before Eisenhower came into office."
The 1955 Florida Derby - the winner gets \$100,000 - will be run at Gulfstream Park next March 26, a week later than usual. The date was changed to attract horses from California and Louisiana.

Garden And Building News

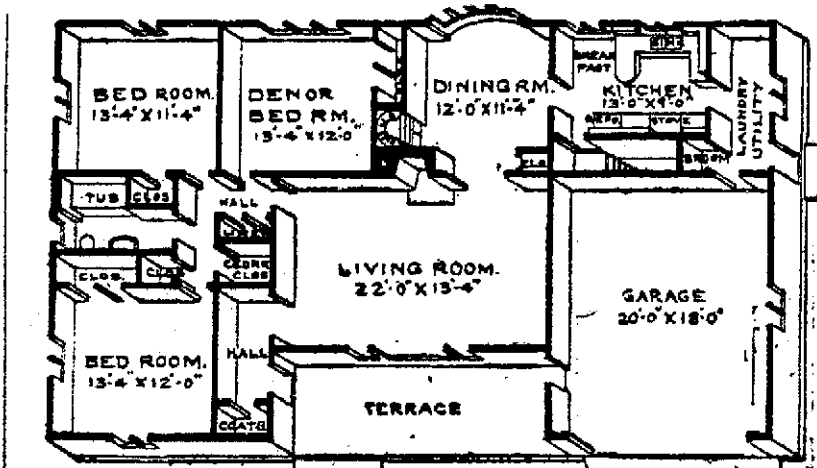

Rooms Six
Bedrooms Three
Closets Nine
Cubage 44,200 ft.
Dimensions 60' x 33'

The modern family that prefers a comfortable, informal way of life—that likes to have three bedrooms in the home and wants to build a house that is just as handsome to look at as it is pleasant to live in—will heartily approve of "The Ethel." With overall dimensions of 60' x 33', the Ethel has a cubage of 44,200 feet. At least an 80 foot lot would be required to hold the house and attached two car garage.

If the folks who live in this charming home like to spend as much time as possible outdoors during the warmer weather, they can transform a part of the back yard into a Summer living and dining area. This back yard area plus the attractive front terrace, as included in the accompanying plan, will give "The Ethel's" owners, their family and friends lots of "extra" space in which to more comfortably enjoy a variety of warm weather get-togethers.

A four windowed bay in the back wall and the spacious china closet in the left wall are the two most attractive and distinctive features of the dining room. The smaller closet, in the right wall near the door from the living room, can be used as a convenient storage place for clean table linen.

Throughout "The Ethel," storage presents no problem whatsoever. Each of the bedrooms, including the den or bedroom, has a spacious

closet. And, in addition to the large broom closet opening on the laundry-utility room, there is a general purpose closet, a roomy cedar closet and a good sized linen closet.

An unusually large amount of windows brings as much of the bright sunshine into the house as possible. Both the front and back bedrooms reap the benefits of cross ventilation; the den or bedroom also is well lighted and ventilated for it has three windows in its back wall. Double windows, above the sink in the kitchen, help to make the room more bright and cheerful for the busy housewife; the abundance of well placed counters, cupboards, cabinets and appliances helps to make kitchen tasks both easier and more pleasant.

Spacious and charming, the 22' x 13'4" living room should be so planned and decorated that it can serve as the gathering spot for family and friends. The large fireplace in the back wall is a welcome decorative

feature that also helps to add a friendly note to the room's overall appearance.

If one so desires, the television set can be placed against the right living room wall. However, more and more families are having their TV sets installed in the family recreation room. This leaves the living room free for "visiting" etc.

Blueprints Available
Complete plans and specifications for this house and all other "Home of the Week" designs are available at moderate cost.

For plan prices, write to the Home Building Editor Dept 18, The Gettysburg Times, and enclose a self addressed, 3c stamped envelope. Allow 7 to 10 days for a reply.

Amateur Diver Finds Long-Lost Spectacles

MICHIGAN CITY, Ind. (AP)—Peter Dalman, pumping gas for a customer, found the man is an amateur diver, and remarked: "Too bad you weren't around three years ago when I lost my glasses in the yacht basin."

"These!" asked Gene Cords, reaching into his glove compartment.

Dalman said they were his. Cords said he had found them only recently under 12 feet of water.

GETS ATTENTION
GLENDAL, Ariz. (AP)—For once, a holdup man didn't announce to his victims: "This is a stickup!" A gunman who entered a finance company office here proclaimed, "Let me have your attention." He got it and a bundle of cash.

STRAWBERRY VIRUS STUDIED

During the last ten years, the United States Department of Agriculture and several state experiment stations have been studying certain virus disease complexes in strawberry plants. These virus diseases cause a weakening of the plant, poor runner production and low yields. Some plants when severely infected produce no runners.

The failure of strawberry plants to grow and produce good crops of fruit in some home plantings is largely a result of the virus diseases. Success with everbearers particularly has been difficult for many and this we feel is largely due to the virus diseases. Plants that are relatively free of the disease as indicated by good vigor have produced good crops.

Through the efforts of the state and Federal experiment station workers more is known about the virus disease and an effort is being made to reduce the infections in the strawberry plant nursery stock. Some nurseries are dusting fields many times during the growing season to control the aphids that spread the disease. As a result of this work, we can look forward to more healthy plants and more success in the home plantings in the future.

9 Straight Singles Believed A Record

ASHEVILLE, N. C. (AP)—The Asheville Tourists of the Class B Tri-State League are somewhat puzzled in trying to decide if they did or did not set some sort of record in playing a game here on July 24.

Facing Spartanburg, the first nine Asheville batters in the first inning hit singles, scoring seven runs.

Nevertheless, Spartanburg won. The score was 13 to 7.

Tuna Cup Match Draws Vet Angler

HALIFAX, Nova Scotia (AP)—A veteran angler will return to seek further laurels when he captains the British Commonwealth squad in the International Tuna Cup Match at Wedgeport, Nova Scotia the second week of September.

Louis S. Mowbray of Bermuda will be skipper of the squad which flies the Union Jack in the contest. An outstanding fisherman and ichthyologist, he led the British group to victory in the first International Tuna match in 1937. Mowbray also is curator of the Bermuda Government Aquarium and Museum.

FIRE IN THE SKY

ARDMORE, Okla. (AP)—The firemen's TV program was interrupted by a voice on the telephone saying, "I don't know what it is, but something sure is burning over here." With sirens and red lights, two truckloads of firemen pulled to a stop at the residence to find a little dust, and the most beautiful full moon you ever saw.

ALL SET for school day, little lass need not fear losing her handkerchief. It's got button-hole anchor for sweater.

HANG DRAPERIES LIKE DECORATOR

By VIVIAN BROWN
Daisies and decorators don't tell. But once in a while a decorator secret gets out and then, piffitt, the homemaker can look like a professional decorator. The secret of hanging draperies, for instance, is a simple one that is often guarded zealously by daisies and gentlemen who charge big fees for doing such work. Actually, all you need to know are these tips:

1. Make sure the rod is even and straight.

2. If draperies are to be effective, fullness is of major importance—the fabric should be twice the width you want the drapery to be when it is pinch-pleated. In the best ready-made and homemade draperies a 48-inch fabric, finished with 5-inch pleats is 24 inches across the top.

3. Each drapery panel should match its mate in length. Hooks must be balanced the same distance apart to avoid unsightly sagging. Folds should be soft but straight.

4. When measuring—to insure an even hang, measure on the seam at the back of each pinch-pleat the distance from the top of the heading to the spot where the hook is to be attached, and mark with a pencil dot. Fasten the hook at the pencil dot to the back of the seam, being careful that the pin does not show on the outside. Hooks should never be placed in the spaces between pinch-pleats.

5. Hang draperies with each hook securely attached. One loose hook may pop out of its anchorage and cause an ugly sag.

6. To train draperies to hang in parallel folds, smooth into loose pleats from each pinch-pleat down to the bottom of the drapery and tie into place (not too tightly) with string, tape or ribbon about 1 foot from bottom. Let the temporary tie stay in place for 24 hours.

ROSES REQUIRE PROTECTION

Massed with gorgeous flowers, many of them delightfully fragrant and all exquisite no matter what their color, the rose has become America's most favorite garden flower.

To insure continued vigor nothing must be left to chance. Insects as well as a few diseases are more present to weaken the plants but the gardener holds their fate in his own hands. Thorough protection is neither difficult nor expensive considering the reward.

To be effective it requires spraying or dusting the plants once every ten days, right through the growing season. There now are on the market preparations that take care of every major onslaught of both insects and diseases.

Golf Champions Shy About Ages

DETROIT (AP)—Golf champions, like movie queens, are more than a little shy about confirming their true ages.

When Gene Littler won the 1953 United States Golf Association crown in Oklahoma City he was 23 years old. The champion he displaced was Jack Westland who had won the title the year before in Seattle at the age of 47.

And Westland had won the USGA crown from Billy Maxwell, who was 22.

Westland, at 47, was the oldest title holder. But he ran into youth-age problems of the golf links. He was only 28 when he was the beaten finalist in 1931. That was when Francis Ouimet won the title at the age of 38, the oldest champion until Westland later came along to win the title at the age of 47.

Golfers Find Extra Hazard On Course

RICHMOND, Va. (AP)—Harold Coates, Gene Waters, Beck Payne and George Sutton were just holding out on the second green at the Laurel golf course when they heard cries for help.

Mrs. Stuart Jennings told the husky foreman that her husband was at the bottom of a well. The well chain broke and he was treading water 12 feet down. The golfers hauled him out.

OLD HOME WEEK

NEW YORK (AP)—When the old timer Hall of Fame players appeared on Saturday, Aug. 14 at Yankee Stadium, there were several who didn't rush back home right away. At the game between the Yankees and the Boston Red Sox the following day, several familiar faces returned to Yankee Stadium to see again the scene of their exploits of yesteryear. They included Joe DiMaggio, Jimmy Fox, Al Simmons and Gabby Hartnett.

DO-IT-YOURSELF TREND TOUCHES FAMILY VESSELS

By The Associated Press

The Do-It-Yourself trend has moved into yachting. Times have changed a good deal since J. P. Morgan frostily told the fellow that if he had to ask what running a yacht cost, he couldn't afford it.

Yachts have changed, too, and maybe that's the secret.

The term nowadays includes craft that can sail all day on a puddle where Morgan's 302-foot Corsair would have reached from shore to shore.

Small Class Boats

For instance, there are the 12-foot sailing dinghies called Penguins, and the 15-foot Snipes—most popular design in the world, with 19,000 owners in 30 countries. There are even top racing hulls in small designs, like the International class 14-footers. Lightnings, at 19 feet, can carry five persons and are increasingly popular for family combination sailing.

You can buy a sailboat kit—or even an outboard cruiser, once called the poor man's stinkpot—for under \$500 and emerge with a boat just about as good as your craftsman-ship merits. Or you can turn chicken at the last minute and buy a good used Lightning or National class boat for very little more.

Home Labor

Upkeep, which used to be the big thing, has been subjected to the same home labor—"This weekend we'll scrape, kids, won't that be fun?"—trimming. Boating families do nearly all of their own maintenance work, and the cost may average less than \$150 a year.

Yachts, after all, aren't like autos. They don't come out in new models every year and practically force you to buy a new one to keep up with the neighbors. A new boat may outlast you, if it's cared for, and the harder you work taking care of it the better its chances are.

So there's nothing local about this upswing in yacht interest. Of course the plushy clubs at the seashore are still there, busier than ever.

But also you can hear seafaring conversation so far inland that the

Adios Boy Given Top Pacer Rating

YONKERS, N.Y. (AP)—When Adios Boy set a mile mark of 2:08 as a juvenile, the bay colt was marked as a pacer to watch as an eager prospective breaker of raceway titles. Then Adios Boy set a world record of 1:36 for 6 1/2 furlongs on Aug. 6.

More recently, on Aug. 16, Adios Boy added further laurels as the tops of three-year-old pacers. In the \$23,400 Yonkers Derby this son of Adios won in the fast time of 2:01 2/5.

The Yonkers victory gave Adios Boy earnings of \$30,570 to match his record of four victories and two second places in eight starts as a three-year-old.

Police Handle Traffic Along Busy Highway

MIDLAND, Mich. (AP)—Busy, U.S. Highway 10 bisects Midland. Traffic hits peaks of more than 1,300 cars an hour on some week ends.

That's when city police go to work. They operate traffic signals manually, give more time to trunk-line traffic and otherwise hurry it along. Special signs warn of signals ahead.

They say the system not only speeds traffic but keeps accidents to a minimum.

RALEIGH, N. C. (AP)—The North Carolina highway patrol has come up with a new wrinkle in its war against speeding. A dummy, dressed in a patrol uniform complete with helmet and glasses, is placed in a patrol car parked alongside a highway. Motor Vehicles Commissioner Ed Scheidt says it serves as a reminder to motorists.
